ANNUAL REPORT 2018

ONE COMMUNITY

Gensler San Diego

Every day, by using innovation and creativity, people at Gensler solve important challenges through our work. This is what Gensler is built for—we thrive on the challenges that our clients bring us on projects of all types and scales, from the everyday to the complex. In fact, over the past year we worked with our clients on an amazing 10,000 projects in 2,500 cities. Each project was unique and vital to the future.

To make the greatest positive impact on the world around us, Gensler is organized as a single cohesive community that's connected across the globe, working with shared values and shared purpose. This year, we reshaped our network as **One Community** that's able to bring Gensler's unique strengths to the marketplace and drive transformation for our clients anywhere in the world.

This annual report highlights four key areas that go to the core of who we are. We take pride in the fact that we are an industry leader in **diversity**, with the understanding that assembling a team of people from diverse backgrounds and with different perspectives fuels our ability to practice in over 90 countries, designing everything from office furniture to major sports stadiums.

We're also making significant investments in platforms that **drive innovation**, developing our own software applications, investing in data-driven design, hiring talented leaders from related fields, and growing in ways that will allow exciting new partnerships with our clients. With offices in 48 locations, we have committed to a greater focus on **community impact**, enriching the human experience through active engagement with community, charitable, civic, and not-for-profit organizations in our cities. And we celebrate our unique **design culture**, featuring Gensler's global efforts to promote innovative ideas and design excellence through projects that, in every walk of life, improve people's everyday experience.

Taken together, these stories capture the essence of our transformative **One Community** approach, which is about the global reach and diversity of our firm. It all goes back to our commitment to empower our people to create a better world and leverage who we are as an organization to enhance the human experience.

ONE COMMUNITY

This year, we launched a new organizational model that promotes the greatest positive impact and fluidity for our clients. By aligning our teams around a common purpose and shared values, we're better able to serve our clients. By creating a dynamic network of leaders who can accelerate strategy, simplify communication, and ensure connectivity, there's no limit to what we can accomplish.

WE BRING CREATIVITY AND INNOVATION TO HELP OUR CLIENTS THRIVE, AND WE DO THIS AS ONE COMMUNITY.

REGIONS & OFFICES COMMUNITY

We continue to expand our global platform to be close to our clients. With 11 regions and 48 offices, Gensler draws on the expertise and resources of our integrated "one-firm firm" ecosystem.

DESIGN SYNERGY COMMUNITY

By connecting teams in a holistic process that spans from concept to realization, we constantly share knowledge, techniques, and insights that yield design excellence and client satisfaction.

CLIENT RELATIONSHIPS COMMUNITY

We believe it all begins and ends with our client relationships. We've aligned our five communities of leadership to drive innovation and deliver unparalleled service to our clients locally and around the globe.

PRACTICE AREAS COMMUNITY

Practice area specialization differentiates us as experts; our diversity of thinking, talents, and expertise ignites our innovation and brings greater value to our clients.

FIRMWIDE COMMUNITY

Our Firmwide Community of in-house specialists is the best in the business at keeping our firm number one in the world. This passionate group of leaders is the day-to-day foundation of the firm.

We care deeply about our “we vs. I” family culture. Together, we are one firm with a shared destiny.

DIVERSITY OF TALENT EXPANDS OUR REACH

We hire diverse teams with unique talents and expertise to ignite innovation.

Diversity is foundational to our culture. We believe that diverse teams, with unique talents, perspectives, and expertise, ignite our innovation. Our collaborative culture unites people from across the globe and from every part of our practice to spark new ideas. This breadth of practice expands our impact and allows us to work with a multitude of clients. Our talent pipeline reflects the diverse nature of our world, putting our values and purpose at the core of everything we do.

According to the Society for Human Resource Management, 57 percent of recruiters say their talent acquisition strategies are designed to attract diverse candidates. By working in diverse teams, our people acquire skills and knowledge that benefit our firm as a whole. Our philosophy is simple: hire the best people and give them the tools to pursue their passions and make a difference. We reward hard work, passion, and expertise, all with the understanding that our diversity gives us the ability to design enriching experiences.

Our diverse teams bring different talents and expertise to support our clients across the globe.

INVESTING IN PLATFORMS THAT DRIVE INNOVATION

We are committed to programs that grow our knowledge and expand technology infrastructure.

Across our disciplines, we share knowledge, techniques, and insights to produce better outcomes and more innovative solutions. Research is the fuel that drives innovation, and we apply our findings in myriad ways to improve building performance and drive our clients' businesses. We invest in research-informed design, design technology,

digital experience design, and other innovation platforms to yield creative, forward-thinking design solutions for people, businesses, and communities. These investments require strategic additions to our studio leadership, new technology, and the full commitment of our global team.

“Innovation is part of the DNA of our firm because it unleashes the power of curiosity and ideas.”

—Andy Cohen, Co-CEO

Design Labs, our innovation agenda, accelerates new ideas

To support our creative process with a platform that advances innovation, in 2018 we launched **Design Labs**. This initiative taps the creative power of 6,000+ people through an internal web portal and other digital tools. From our research institute to our maker community, Design Labs brings together the innovative strength of the firm around **five key areas of expertise to propel our creativity.**

INTRODUCING: GENSLER ENCLOSURES

Inviting others across the firm to join, a Chicago-based team issues a call to action to broaden Gensler's expertise in façade design by providing technical advice, incubating innovation, and implementing detailed approaches to the delivery of exemplary building enclosures.

RESEARCH FUELS OUR CREATIVITY AND INVENTIVE SPIRIT

Gensler Research Institute launches, inspiring solutions that impact the future of design.

Last year, we celebrated the launch of the Gensler Research Institute, a collective of research professionals, strategists, and designers brought together by explorations that deepen the firm's knowledge. Our research efforts help us make informed design decisions, achieve more impactful design solutions, and explore the connection between design, business, and the human experience.

The Gensler Research Institute now funds 30+ global research grants annually and conducts multiple, syndicated research efforts. These include the industry-leading Workplace Surveys, which

we recently expanded to Asia and Latin America and will soon conduct in Germany and the Middle East; the Gensler Experience IndexSM, with recently published findings on the retail and hospitality industries; and the firm's annual Impact by Design report, a guide to how architects and designers can make a positive impact on the environment and mitigate climate change. The Gensler Research Institute collaborates with university and academic partners around the world. These partnerships bring deep expertise to our ongoing research on diverse topics, from workplace design and well-being to the future of the city.

MAKING A DIFFERENCE IN OUR LOCAL COMMUNITIES

We strive to help solve some of the major issues facing urban communities today and tomorrow.

As a design firm in 48 locations, we are uniquely poised to address the challenges that our local communities are facing. We are committed to enriching the human experience through participation with community, charitable, civic, and not-for-profit organizations in our cities.

Across our global network, we're designing creative solutions and engaging our communities to tackle the most pressing issues in our cities,

including health and wellness, the environment, housing and homelessness, and paying it forward for the next generation. Having more focused community investment, employee engagement, and pro bono activities in these areas will amplify our impact and help make the world a better place through the power of design. We want to be part of the solution. That is our opportunity and our responsibility.

WE'VE IDENTIFIED FOUR AREAS WHERE WE CAN AMPLIFY OUR IMPACT:

HEALTH & WELLNESS

Gensler is committed to building healthy places that blend functionality and comfort to improve health outcomes measurably for users and promote health and wellness. We are actively investing in community programs that align with our business goals and models.

THE ENVIRONMENT

We're resolute in designing resilient and sustainable buildings, communities, and cities. We develop innovative, sustainable practices to mitigate the effects of climate change, and we support the creation and preservation of open space and the environment.

HOUSING & HOMELESSNESS

Gensler is working to create solutions for urban communities facing homelessness, displacement, and lack of housing. We address these issues through temporary and permanent supportive housing and spaces that provide services to support this population.

PAY IT FORWARD

Through partnerships with ACE Mentor Program of America, City Year, NOMA, and other organizations, Gensler helps foster the well-being and education of young people, ensuring an inclusive, diverse pipeline of future architecture and design professionals.

HEALTH & WELLNESS

NOAH'S ARK CHILDREN'S HOSPICE, LONDON

Gensler created a calming, restorative landscape design for Noah's Ark Children's Hospice patients, visitors, and staff.

HEALTH & WELLNESS

SUNBRELLA AND UNITY HEALTH CARE RESEARCH, WASHINGTON, DC

To better serve the Brentwood neighborhood, Unity enlisted a team of designers, researchers, and textile manufacturer Sunbrella to explore how research and design can improve the patient experience and positively impact community health.

“Our design work, by its very nature, impacts the communities in which we work. We want to be part of the solution to the big problems that cities are facing.”

—Kathleen Carey, Firmwide Community Impact Leader

THE ENVIRONMENT

COMMUNITY FOOD HUB, SAN JOSE, CA

Located on a nonprofit farm in one of the city's most underserved neighborhoods, this community food hub on wheels connects people from diverse backgrounds through food and farming. Gensler developed an identity and branding system and refurbished a food truck that connects the nonprofit to its community.

THE ENVIRONMENT

ACE NYC TEAM 6, NEW YORK

As part of a CIRT National Design & Construction Competition, the ACE New York team designed a flexible home that could respond to natural disasters or represent a more robust and resilient design model for impacted communities.

“The common thread among all unsheltered Angelenos is the need for a safe place to sleep while we help them find a stable home and a better future.”

—Eric Garcetti, Los Angeles Mayor

HOUSING & HOMELESSNESS

EL PUEBLO BRIDGE HOUSING, LOS ANGELES

In a pro bono design and delivery effort, Gensler collaborated with the City of L.A.'s Bureau of Engineering to add a shaded outdoor deck and landscaping to the El Pueblo Bridge Housing project in downtown Los Angeles, enhancing critically needed city-provided interim housing.

HOUSING & HOMELESSNESS

SCALABLE SUPPORTIVE HOUSING, SAN FRANCISCO

Gensler has joined a growing cross-industry team to address San Francisco's homelessness crisis through the design of a scalable supportive housing model. The project began as a summer intern project, and Gensler's San Francisco office is continuing the engagement.

KHALIFA INNOVATION CENTER, ABU DHABI

Gensler designed Abu Dhabi's first incubator and accelerator, a creative hub to motivate youth to become entrepreneurs and engage in the development of the economy and private sector.

“Gensler's efforts (and designs) were integral to the project's success, which has seen the Khalifa Innovation Center become a local hub for innovation, youth activities, and events.”

—Mohamed Taj Aldeen Al Qadhi, Director General, Sandoog Al Watan

CITY YEAR: BETHUNE ELEMENTARY-MIDDLE SCHOOL, DETROIT

Gensler's design concept for a mentor room for Mary McLeod Bethune Elementary-Middle School is based on the pencil—a symbol for learning and a tool with limitless potential.

YOUR SPACE, LONDON

Gensler collaborated with the Stephen Lawrence Charitable Trust to create a coworking environment that strives to advance the nonprofit's mission by providing emerging architects, designers, and creatives with affordable spaces to network and develop their ideas.

CENTRO INFANTIL Y JUVENIL CIJ PARQUE LA LIBERTAD, SAN JOSÉ, COSTA RICA

Gensler designed the interiors for this learning center, which is a safe space for children to play, learn, and practice the arts.

A DESIGN CULTURE THAT TRANSFORMS EXPERIENCE

Design excellence and experimentation are a vital part of who we are as a firm.

We strive to create a culture of design innovation, encouraging design experimentation and risk-taking to encourage diverse thinking and points of view that can inject new ideas and methods into our design process. Each year, we celebrate our best in design, presentation, and project execution. The

Gensler Design Excellence Awards recognize our design achievements, while the Gensler Research + Innovation Awards celebrate invention and exploration. These programs elevate the quality of the design solutions we provide to our clients and promote a healthy discourse about our work.

GDEA jurors narrow the field of contenders at a pin-up wall.

“Gensler has the best talent around the world and we bring that to our projects. Our best work is built on the foundation of our design culture.”

—Jean Anderson, 2017 GDEA Co-Chair

GENSLER DESIGN EXCELLENCE AWARDS

The Gensler Design Excellence Awards (GDEA) program sets a standard that all our design teams aspire to. The program serves a vital purpose: to stimulate a high-level dialogue on design and elevate our design culture. The rigorous review process begins in each of the firm's regions, where our people review entries and vote for the top projects. Then a shortlist of the best work

is critiqued by an external jury. They make the top choices and share their viewpoints with an audience of Gensler principals and via a live broadcast to each Gensler office. In 2017, the pool of entries embodied the many ways that Gensler uses design to improve the human experience—a reflection of the program's theme, "Transforming Everyday Experiences."

GENSLER RESEARCH + INNOVATION AWARDS

The Gensler Research + Innovation Awards (GRIA) program celebrates the invention and exploration that produces inspired design thinking, creative problem-solving, and better outcomes for our clients. In 2018, 64 submissions were reviewed by the jury of outside experts—and eight stood out for recognition, including first-ever co-winners of a combined Research + Innovation Award. The

jury announced the winners at a Gensler leadership retreat in Hollywood, Florida, which was broadcast live to Gensler offices around the world. Jurors highlighted solutions that ranged widely from a new software tool for parametric pattern generation to a process that provides users the tools to co-create their laboratories through gamification of Legos.

RECOGNIZING OUR DESIGN TALENT

In addition to the 2017 GDEAs, Gensler presented other special awards acknowledging individuals throughout the firm who are pushing the boundaries of design excellence. These awards call out the special contributions of both veteran designers and up-and-coming talent, recalling the legacy of exceptional people who have helped forge the firm's design culture over more than five decades.

“It is our talent that drives us forward. These people are the engine for our future.”

—Jeff Barber, 2017 GDEA Co-Chair

2017 DON BRINKMANN AWARD WINNER

James Young, a design director and principal in Gensler's Newport Beach office, was named the recipient of the 2017 Don Brinkmann Award. The award, named for an inspirational and gifted interior designer at the firm who passed away in 1998, recognizes individuals

whose outstanding contributions to the firm have raised our standards of design excellence. Like the award's namesake, Brinkmann Award honorees bring exemplary talent, tireless design leadership, and vision to our firm.

2017 DESIGN REALIZATION EXCELLENCE AWARD

Gensler's Design Realization Excellence Award celebrates exceptional people who make our projects real through technical expertise, leadership, and mentoring. Two winners were selected for the 2017 Design Realization Excellence Award: Danielle Elzhar of Gensler Miami; and Steven Hergert of Gensler Los Angeles. "The award celebrates their depth of knowledge; their rigor; their attention to detail; their commitment to mentoring the next generation of leaders; and the results of their efforts over time," said Don Ghent, a firmwide leader who was part of the selection process.

2017 GENE WATANABE AWARD

The Gene Watanabe Award celebrates design excellence in visual communication, represented by a significant body of work in any medium. The award is named after Gene Watanabe, a design principal in Gensler's Los Angeles office, who is known for setting a high standard across the firm with his exceptional skill at drawing and sketching. The award encourages similar talents in visual media among rising designers and recognizes their accomplishments. Three winners were selected for the 2017 Gene Watanabe Award: Adrian Ariosa, Gensler Los Angeles; Adam Nakagoshi, Gensler San Francisco; and Hong Joon Yang, Gensler Seattle.

To highlight the future of design excellence at Gensler, the firm announced a new award, the Rising Designer Award. Presented to individuals with less than 10 years' experience, the award targets people whose primary role is developing design solutions that transform people's everyday experiences. The selection criteria focused on the nominees' ability to showcase bold, creative thinking and raise the bar on each of their projects. Ten winners were selected for the 2017 Rising Designer Award, with one representative chosen from each of the firm's regions. "These people are the engine for our future," said Jeff Barber, the GDEA Committee co-chair. As a bonus, the winners were featured in the December 2017 issue of *Interior Design*, where each one described a project they are especially proud of.

GENSLER WINS GOOD DESIGN IS GOOD BUSINESS AWARD

Gensler and CBRE Masonic Temple are among the eight winning firm/client collaborations of *Architectural Record's* 2017 Good Design Is Good Business Awards, recognizing successful client-architect collaborations where the impact of the design reaches far beyond the business's bottom line. Mindful of CBRE's "free-address approach," Gensler conceived a flexible, communal space that aligns with CBRE's Workplace 360 initiative.

FORBES RANKS GENSLER AMONG AMERICA'S BEST MIDSIZE EMPLOYERS

For the third year in a row, Gensler ranked among *Forbes'* list of America's Best Midsize Employers 2018, ranking as the no. 1 architectural firm.

INTERIOR DESIGN HONORS BEST OF YEAR WINNERS

E. & J. Gallo Winery Dry Creek Building, Modesto, CA, *Interior Design* 2017 BOY Awards winner

Halcon Halo, *Interior Design* 2017 BOY Awards winner

Several Gensler projects were recognized in *Interior Design's* 2017 Best of Year (BOY) Awards. In Best Projects, Shirley Ryan AbilityLab won in the Health & Wellness category, Hyatt Global Headquarters won in Large Corporate Office, and E. & J. Gallo Winery Dry Creek Building won in Large Curative/Consumer Goods Office. In Best Products, Halo by Halcon won in the Furniture: Contract/Tables category. Additionally, 16 Gensler projects were selected as "Best of 2017" Honorees.

ETSY ACHIEVES LIVING BUILDING CHALLENGE CERTIFICATION

Etsy achieved Living Building Challenge (LBC) Petal certification for sustainability work conducted with Gensler for its Brooklyn headquarters. The building strives to be a regenerative ecosystem; not just a self-sustaining workplace, but a space that serves the community.

SHARING OUR VOICE ON A GLOBAL STAGE

Diane Hoskins (at right) spoke on a panel on urbanization and climate change at the International Women's Forum (IWF) 2017.

Diane Hoskins and Andy Cohen talk about co-leadership at UCLA's Anderson School of Management.

HOSKINS TACKLES URBANIZATION AND CLIMATE CHANGE AT INTERNATIONAL WOMEN'S FORUM

Diane Hoskins joined a panel discussion on urbanization and climate change at the International Women's Forum 2017 World Cornerstone Conference in Stockholm, where she described how the built environment shapes and empowers communities. Hoskins also spoke at a Climate Week NYC panel in September 2017, underscoring the building industry's responsibility and opportunity to reduce emissions.

CO-CEOS DISCUSS GENSLER'S COLLABORATIVE LEADERSHIP IN UCLA SPEAKER SERIES

In a video interview at UCLA's Anderson School of Management, "How Two CEOs Are Better Than One," Andy Cohen and Diane Hoskins discussed how Gensler's collaborative leadership model and integrated teams with a singular, shared vision can drive results and spur innovation.

GENSLER WELCOMES 2018 AIA CONFERENCE ON ARCHITECTURE

In June, Gensler New York hosted several events, including an open studio and two alumni receptions, at the AIA Conference on Architecture. Tama Duffy Day participated in a panel titled "2017 AIA/AAH Healthcare Design Awards," while Ken Sanders sat on a panel titled "S, M, L, XL - 2030 Commitment in All Sizes."

"The health of our planet is inexorably tied to the health of our communities."

OFF BASE EVENT SERIES EXPLORES WHAT'S NEXT

Gensler London launched Off Base, a series of events focused on what's shaping London and the world beyond. Hosted at Gensler London's "Basecamp," the series attracts forward-thinkers to spark dialogues and explore new directions. The events generate data that is analyzed and combined with secondary research as white papers. Topics have included the future of work, future of retail, and the future of the knowledge economy.

GENSLER MAKES A MARK AT NEOCON 2018

Gensler thought leaders had a strong presence at NeoCon 2018. Robin Klehr Avia spoke on a "She Said, She Said: Extraordinary Women in Design" panel discussing women in leadership. Founder Art Gensler participated in a fireside chat with IIDA's CEO Cheryl Durst. Other Gensler panelists took on topics ranging from community-based healthcare to human-centered design for tech-enabled workers.

Panelists discussed how smart city strategies can improve urban areas.

COHEN DELIVERS KEYNOTE AT ARCHITECTURAL RECORD'S INNOVATION CONFERENCE

Andy Cohen spoke about the impact of driverless cars and the future of cities.

Andy Cohen gave a keynote presentation on the "Game Changing Impact of the Driverless Car on the Future of Cities" at *Architectural Record's* Innovation Conference in San Francisco. Cohen called driverless cars a "game-changer for cities," transforming urban areas from auto-dependent to pedestrian-centric. He added that designers and city planners have "an opportunity to work together to give the streets back to the people."

"Driverless cars are a catalyst for change. This is a call to action to remake our cities."
—Co-CEO Andy Cohen

Nachiko Yamamoto spoke at ULI Japan Spring Conference in Tokyo.

FORECASTING NEW OFFICE MODELS AT ULI JAPAN

At the Urban Land Institute Japan 2017 Spring Conference in Tokyo, Nachiko Yamamoto, managing director, Gensler Tokyo, joined a panel of landlords and real estate professionals to consider the following: "The New Office Model—Fad or Lasting Legacy?" The panelists discussed bringing new office concepts such as coworking to Japan. The closing keynote, delivered by Peter Weingarten, regional managing principal for Gensler's Asia Pacific region, presented a philosophical and practical take on office modes.

EXPLORING THE FUTURE OF SMART CITIES

Diane Hoskins moderated a panel entitled "Reimagining Urban Planning," during Smart Cities New York 2018 in May. Panelists discussed how smart city strategies could make urban areas dramatically better for people with diverse needs. At the Axios 5G and Smart Cities event in March, Hoskins conveyed how these investments could help make cities more attractive places for people to live, work, and play.

GLOBAL RETAIL TRENDS ON DISPLAY AT SHOPTALK

In March, Diane Hoskins presented at Shoptalk 2018 during a keynote track on "Industry Perspectives on Global Retail." Hoskins cited the Gensler Experience IndexSM findings and spoke about how trends in design, culture, and consumer behavior are leading to the reimagining of the purpose and form of physical retail experiences.

Design Forecast is a Gensler publication.
©2018 Gensler. Design Forecast is printed on FSC™ certified paper with ultralow-VOC (~3 percent) vegetable oil-based ink. Environmental impact estimates were made using the Environmental Paper Network Paper Calculator Version 4.0. For more information, visit: www.papercalculator.org

Savings to our natural resources include:

Million BTUs of net energy	11
Fully grown trees	24
Pounds of solid waste	100
Pounds of greenhouse gases	14,000
Gallons of wastewater	6,000

FSC is not responsible for any calculations on saving resources by choosing this paper
